ABOUT ME

Hi there! I am a girl who loves life and observes things. I like to incorporate beautiful moments into my design. Turn this design idea into reality. I am Mature, dynamic and honest. Excellent ability of design process. Ability to work independently, mature and resourceful. A stable personality and high sense of responsibility are desirable. Initiative, independent and good communication skill.

My design are a mix of emotional, expertise and experience that I combine to deliver exceptional outcomes. I love to research a lot of new design, to see the exhibition, travel to various countries to expand their vision and design concept.

EDUCATION

Royal Melbourne Institute Of Technology (RMIT)

Associate degree interior decoration and design. 2017.02-2018.11

During the two years of college life, I learned a lot of things. Drawing skills, model, interior theory, history, culture, fabric calculation, fabric varieties, design process, inspiration image, concept, drawing floor plan, elevation, 3D drawing, FFE, material board, 3D render, app, design space etc. This kind of learning experience and real project has been of great help to my career. Better enter the professional environment, achieve independence, valuable design, let me know how I love the design.

WORK EXPERIENCE
